Dear Mr. Bustos:

Please consider this our response to your attached Freedom of Information Act request, received via fax on March 17, 2016, summarized below:

(1) I am requesting all emails, including deleted emails, to and from Platinum Technology Resource, or its employees in the last two years.
(2) I would like a copy of the county's current contract with Platinum Technology Resource.
(3) The length of time the county has contracted services to Platinum.
(4) Information on whether the contract was put out for a bid or request for proposal process, and names of vendors who responded.

Regarding (1), please find attached all email to and from the *unioncountyil.gov* domain over the last two years—respective of the request date—that was to or from any domain containing the word "platinum" within it. This archive is maintained independent of any users and therefore includes all email even if deleted from a user's mailbox.

Also regarding (1), the following redactions were made in accordance with Section 7 of FOIA (5 ILCS 140/7):

- On page 57, a username and password were redacted as they are technical information that could jeopardize the security of systems and are therefore exempt under Section 7(o) of FOIA (5 ILCS 140/7(o)).
- On pages 37-41, several snippets of database codes and commands were redacted as they are technical information that could jeopardize the security of systems and are therefore exempt under Section 7(o) of FOIA (5 ILCS 140/7(o)) and as they might lead to the disclosure of codes and algorithms and are therefore exempt under Section 7(u) of FOIA (5 ILCS 140/7(u)).

Regarding (2), please find attached a signed payment schedule for Platinum's election service; per Union County Clerk Terry Bartruff that is all that we are in the custody and possession of regarding that service. Also attached is a full contract for Platinum's voter registration software. Each were signed in December of 2012 by Bobby Toler, Union County Clerk at that time and Terry Bartruff, director of sales for Platinum at that time.

Regarding (3), we are unable to locate any responsive record but Union County Clerk Terry Bartruff reports that the County has done business with Platinum since 2008.

Regarding (4), we are unable to locate any records indicating that the County has requested bids for this service.

We feel this completes your request. If we may be of further assistance, please let me know.

Sincerely,

Rollie Hawk, Chief Information Office

Hi Brandi,

We have updated a fixed for your duplicate voters created. The update/create (i.e. save button) buttons have been disable after the first time they are click & added a status progress bar indicating the system is updating your voter.

There are only (7) seven duplicates in your system. GREAT JOB! See the report attached of those duplicates for you to correct.

Second IVRS - PENDING CONFIRMED vs PENDING CANCELLED

The IVRS system when you approve a transfer out should change the status to PENDING CANCELLED, not PENDING CONFIRMED. When this happens your local VR does not have the rights to pull down a PENDING CONFIRMED. This is an IVRS system issue. You can correct those records in the local system by manually cancelling & the next day will fall off IVRS.

Hi Brandi,

We have updated a fixed for your duplicate voters created. The update/create (i.e. save button) buttons have been disable after the first time they are click & added a status progress bar indicating the system is updating your voter.

There are only (7) seven duplicates in your system. GREAT JOB! See the report attached of those duplicates for you to correct.

Second IVRS - PENDING CONFIRMED vs PENDING CANCELLED

The IVRS system when you approve a transfer out should change the status to PENDING CANCELLED, not PENDING CONFIRMED. When this happens your local VR does not have the rights to pull down a PENDING CONFIRMED. This is an IVRS system issue. You can correct those records in the local system by manually cancelling & the next day will fall off IVRS.

Hi Brandi,

We have updated and corrected this printing for voter id cards.

Problem:
- New code that does not delete voters (hard delete) / many folk were deleting voters & wanting us to reinstate them from back ups. This is now easy for us to support you on deleted voters. However, the local voter id deleted was still in the batch giving an error for the id card. Now corrected.

Thanks
Jay

Good morning,

I have attached documentation and training instructions to assist in the election registration process (POVA). There have been many changes made on the IVRS (State system) and improvements made to your local voter registration system. The changes have seemed to come to a more stable position. I thought this was great time for documenting this process to assist you and your staff.

Our new support technician, Stacey Wymer will be making appointment to assist in remote support to answer any questions or demonstrate any part of this process.

Best wishes and let me know any feedback you have,

Jay

Subject: NCOA Date in IVRS

Good Morning -

Many of you or your staff's have indicated that the NCOA process would be more efficient, if the NCOA date was available in your local VR. I agree with you 100%!

However, the SBE does not send this information to the local VR. I have made a request known to the SBE. You will see in the response below they are considering the update with no time line. For those that are not going to wait for the SBE, I will be happy to show you how to process, but keep in mind not the easiest task to complete right now. For those that choose to wait & process later in 2015, we will be discussing more in October as the SBE considers more changes.

Thank you & your staff's for all the input on this new legistlation!

The following request to update IVRS - NCOA at the SBE was sent:

"Can the data sent for NCOA's include the "NCOA date," in addition to the already sent registration date of (5/29/2015)? This is a great date for the local users to determine the most current registration information."

SBE Response:

"I have heard the same from some other jurisdictions as well. The date is provided in all other ways of getting the data just not Web services. I believe it should be sent through web services as well, but this change will require a spec. change and we want to spend some time to see if we need any other changes in addition to this one in a spec change."

Best wishes and will keep you updated!

Jay

Terry – Mark indicated the adjustment should have be working. It's done by district type, so I need him to check the district types of the school districts that are still not appearing. It may be that he checked elementary districts but not unit districts, etc.

Can you give a name of a voter who's card still isn't printing with correct districts, and what schools aren't showing? Sorry for the inconvenience.

Got a favor to ask. The girls & me in the office is going to plan a cake & coffee for Tom for his retirement, on Friday November 14th, from I think 1-4 after work we are going to try to get him to go out for drinks. He will know about the 1-4 cake, coffee thing, but what is a SUPRISE IS CONNIE AND HIS GIRLS ARE GIVING HIM A SURPRISE PARTY ON THAT DAY STARTING AT 6 AT THE NASHVILLE LEGION. Connie has asked us to let people know. Can you help me spread the word to the other counties and companies that Tom likes and might be interested in coming to his party (Afternoon r Night.)
Thanks

Subject: RE: Southern Gals are very sorry

I am very sad to report that the Southern Gals will not be able to attend the conference next week. There are reasons why Connie feels that she needs to stay in Pope County and I have been torn about coming or not coming for awhile.

MY reasons are, My cousins son (25 years) died last week and the are coming home to bury his ashes and have the funeral. They will be arriving sometime this weekend and then the service is on Wednesday so I would have had to come home early anyway. Since they are coming in earlier this will give me more time to spend with them before they must return home to Neb. This is the third death since May in this family, and only one was an expected death with cancer the other was going to sleep and not waking up which was my cousin and then the step mom (who we expected) and now the son of my cousin that is living. Very Very Sad. Also my daughter is having to have a female procedure that we were not expecting and this is very scary for her since she has no children always fears cancer and is afraid of what they are going to tell her even though I feel at peace with this. I would like to be there to give her support.

So with that said We will miss you all and please tell everyone we said hello and Congratulation to the County Clerk/Recorder of the Year. All four were great candidates as usual so we are all proud of you. To the ones who are retiring I hope to see you soon before you say goodbye to this crazy world of County Clerkin but you will have a wonderful time not being in it I am sure.

Jackson County Clerk Larry we need to meet so I can pass off the plaque to you for the ceremony.

Good Afternoon~

Attached are the 2 forms (3 part carbon) we are currently reviewing for updates. Does your jurisdiction utilize all 3 copies of each form?

C-16 Tally Sheet of Votes Cast For Write-In

C-42G Official Ballot Record

If the 2 forms were no longer 3 part carbon would that be detrimental to your Election process?

Thank You,

Please forward to zones.

The end of September and the IACCR conference will be here soon. I understand how busy it will be, but there is going to be an abundance of information presented that will be extremely helpful for both the Recorders and Clerks. If last week's legislative meeting was an indication, there will be an abundance of topics discussed.

September 8th will be the cutoff date for the block of rooms at the Hilton and for early registration.

Right click on the link and choose "open hyperlink" to register on line at the Hilton.

See you at the Conference,
Brian Woessner
IACCR President

Because of the uncertainty of the weather forecast for this Wednesday and Thursday (August 20 and 21), we have decided to move the Zone I festivities to a different picnic area. The new location is the County Line Picnic Area #4, which is located just north of the Resort. A more detailed map will follow tomorrow!

Remember, you may call my cell phone @ (618) 927-5169, or Beth may be reached @ (618) 927-0702.

2014 Affiliate Presidents –

During the 2014 IACO Fall Conference to be held in Peoria Nov 23-25, 2014, we will be remembering County Officials and other individuals who have had a great commitment to the profession that have passed away. Ideally, this will be something that we carry forward for many years to come.

Would you please ask your membership to let me know the names of those individuals that have died, as well as the office they held, and any other information that would be relevant? This would include retired individuals as well.

We are hoping to honor them at the Prayer Breakfast to be held on Sunday, the first day of the conference.

UCCI sent out two sample resolutions. One was for poker run and raffle. One for only poker run. Richland County adopted the resolution for only poker runs. Of course, they didn't tell me the fee, bond amount, etc. But, anyway, David did you receive that? I will try to forward that to you.

Good Morning Brenda,

Here is the address for Randy's Smokehouse. It is 194 Illinois Highway 242.

From Interstate 64 take exit 100 towards Wayne City. It will be the 7th house on the right. It is a large white building right on the highway. Look for a marque that welcomes Clerks or Zone 1.

From Wayne City go South on 242 about 5 miles. It's the first place on the left. You will pass a race track on the left. Then look for marque that welcomes Clerks or Zone 1. If you get to the interstate, you have gone to far.

Please RSVP by Friday June 20.

Call if you have problems. My cell # is 618-516-2844.

Hope to see you all.

Glenda

Team,

has anyone issued a license for a poker run since the law changed? I was on vacation last week and my staff had someone come in to complete the paperwork I advised them to complete the raffle license form we have on file. I'm not sure that was the correct procedure though? Any thoughts?

Josh

My County is not going to require a poker run license at this time. I think it is up to the Counties just like raffle license. But if they do it will only be $20.00. They are trying to raise money to help others

Team,

has anyone issued a license for a poker run since the law changed? I was on vacation last week and my staff had someone come in to complete the paperwork I advised them to complete the raffle license form we have on file. I'm not sure that was the correct procedure though? Any thoughts?

Josh

Hello everyone. I will not be able to attend this meeting. My wife and I will be on our annual anniversary vacation. We will be in Play Car Mexico soaking up the sunshine and Corona. I will be thinking of all of you. Well maybe briefly ☺
I will plan on seeing everyone in August for sure if not before.

Good Afternoon Terry~

We are looking at our upcoming Spring and Summer schedule. I am in charge of our election equipment preventative maintenance would like to get a head start.

We would like to leave enough time to send in equipment to the manufacturer, if needed. It is not the best to be waiting for units to return fixed as the election looms. Also, the head start would allow adequate time to:

- Re-label equipment, bags & memory cards
- Complete all memory card batteries on-site
- etc.

We are expected to be in your area on July 8th . Please let me know your availability.

Thank You,
Julie

Connie

As per Dave's request, I have attached the Note regarding the August Zone Meeting! Dave will bring extra copies with him to the Zone Meeting on the 28th.

As this will be the last time he hosts as Franklin County Clerk, myself and the rest of the staff want to make this one a really special event…so, any and all suggestions would be appreciated. I would like to **surprise** him with something, but nothing has hit me in the head quite yet!

Please quietly pass the word around and see if anyone can come up with something really spectacular!

Call me or email me anytime!

Thanks!

Terry ~

March 23 all your lines through Verizon will be cancelled. I have given permission for you to move your number to your own account. Also, Brenda's phone and any iPad that you have. In summary any device that is connected with our Verizon account will be disconnected starting Sunday the 23rd of March. Just wanted to make sure you have time to change things over to your own account.

Thanks and hope all is ready for Tuesday !

Have a great week-end..

WITH RESPECT TO DEFECTS IN THE **Software** OR **Software Products** THAT AN EXAMINATION SHOULD HAVE REASONABLY REVEALED, **Platinum DISCLAIMS THE IMPLIED WARRANTIES OF MERCHANTIBILITY, QUALITY, AND ACCURACY**. 2.7 TERM AND TERMINATION: **Platinum** may terminate the **Licenses** granted to **Customer** under this Agreement if **Customer** fails to perform any of its material obligations under this Agreement and such failure is not cured within fifteen days after **Platinum** has given written notice of such failure to **Customer**.

Within thirty (30) days after **Platinum** has discontinued the use of the **Software**, or within ten (10) days after **Platinum** has terminated **Customer's Licenses**:

A. **Customer** shall immediately deliver, or cause to be delivered to **Platinum**, all of the **Confidential Information** in **Customer's** possession or control, including, without limitation, all originals, copies, and reproductions made of the **Software**, **Software Products**, and other documents reflecting any **Confidential Information**. **Customer** will certify, in writing, to **Platinum** that through its best efforts and to the best of its knowledge, all of the above-described items have been returned to **Platinum**, except that, upon prior written authorization from **Platinum**, **Customer** may retain a copy for archive purpose only; and

ARTICLE III - REMEDIES

3.1 CUSTOMER'S EXCLUSIVE REMEDY: **Customer's** exclusive remedy against **Platinum** for any breach of warranty under this Agreement is limited to repair or replacement of the item in question, at **Platinum's** sole discretion. **Platinum** will be liable to **Customer** only to the extent of direct damages that **Customer** reasonably incurs as a result of breach of Warranty, up to the amount of the price (plus sales tax, if any) that **Customer** paid for the item. **Customer** agrees that **Platinum** will not be liable for any incidental, consequential, or other damages, including but not limited to damages for loss of profits, loss of confidential or other information, business interruption, personal injury, loss of privacy, failure to meet any duty including a duty of good faith or of reasonable care, negligence, misrepresentation, strict or product liability, breach of contract, breach of warranty, or any other loss whatsoever, even in the event of the fault of **Platinum** (or **Geneva Software**, or any other third-party), and even if **Platinum** (or **Geneva Software**, or any other third-party) has been advised of the likelihood of such damages. These limitations and exclusions regarding damages will apply even if any permitted remedy fails.

3.2 PLATINUM'S REMEDIES: In addition to **Platinum's** right to terminate the **Customer's License** and **Property Rights**, as set forth elsewhere in this Agreement, **Platinum** shall have the following remedies for any material breach of this Agreement by **Customer**:

A. **Customer** hereby acknowledges and agrees that any material violation of the provisions of paragraph 2.2D or paragraph 2.7 will cause irreparable damage to **Platinum** and/or **Geneva Software**, that is not susceptible to measurement with any certainty. For that reason, the **Customer** hereby agrees and consents to **Platinum** and/or **Geneva Software** obtaining an injunction to prevent the occurrence or continuation of any material violation of paragraph 2.2D or paragraph 2.7. In addition, **Customer** hereby covenants and agrees that, if **Platinum** and/or **Geneva Software** attempts to obtain such an injunction, **Customer** shall not raise, as an objection or defense thereto, that **Platinum** and/or **Geneva Software** has not been irreparably harmed or that either has an adequate remedy at law. In the event **Platinum** and/or **Geneva Software** obtains an injunction against **Customer**, and such injunction is subsequently dissolved, **Customer** hereby waives any rights **Customer** might have to recover from **Platinum** and/or **Geneva Software** any damages, including costs and attorney fees, suffered as a result of such injunction or in obtaining such dissolution.

B. **Platinum** and **Geneva Software** shall each be entitled to recover from **Customer** all costs each incurs, including reasonable attorney fees, in enforcing its rights or **Customer's** obligations under this Agreement. Any court of competent jurisdiction entering a final judgment or order in such an enforcement action shall include such costs and attorney fees as part of the final judgment or order entered.

Customer acknowledges and agrees that **Geneva Software** is a third-party beneficiary of this paragraph 3.2.
