This Energy Procurement Advisory Agreement ("Agreement") is entered into as of 6/30/2015, between County of Union, with a principal place of business at 309 West Market Street, Jonesboro, IL 62952 ("Client"), and TFS Energy Solutions, LLC d/b/a Tradition Energy, with its principal place of business at 680 Washington Boulevard, Stamford, CT 06901 ("Tradition"), and shall continue until either party tenders written or electronic notice to the authorized signatory below of cancellation.

Client hereby agrees to retain Tradition as its exclusive energy management and procurement advisor and authorizes Tradition to request billing history, invoices and contracts on its behalf from applicable third party energy suppliers.

Tradition agrees to perform energy management and/or procurement advisory services for Client, which shall consist of the following services:

- Data collection analysis and dissemination to third party energy management and/or commodity suppliers (which may include, but are not limited to, suppliers for electricity, natural gas, transportation fuel, RECs, and demand response services);
• Pricing and contractual review and assistance with negotiation of contract terms and conditions;
• Delivery of price discovery results of the sourcing effort and analysis and recommendations for energy contracts; and
• Assistance with contract execution with third party energy suppliers.

If Client enters into a third party energy supply agreement based on Tradition's engagement, Client shall also receive the following services:

- Ongoing market monitoring and intelligence throughout the life of the supply agreement; and
• Access to Tradition's proprietary TEAMView web portal.

Client understands that nothing contained in this Agreement obligates Client to pay Tradition for these services unless Client chooses to enter into an agreement directly with a third party energy supplier. In that event, Client understands that Tradition's fee will be included in the price the Client pays for energy on the bill received from the energy supplier or utility, as applicable.
