Julia Howlett
Apple Maps Division
julia_howlett@apple.com

Ms. Howlett:

Please consider this our response to your attached Freedom of Information Act request, received via email on September 7, 2017 and summarized below:

Mapping data

I have performed an export of the County's parcel layer data in shapefile format with a file size is 33.7MB.

Per Section 6(a-5) of FOIA (5 ILCS 140/6(a-5)), please see below an accounting of applicable fees.

Contents	File(s) Type	Total File Size	Fee
Parcel Layer Shapefile	Non-PDF, >4MB	33.7MB	\$100
Total Fee			\$100

Your check can be made payable to *Union County Treasurer* and mailed to my office—address is above—at your convenience. Once payment is received, I can deliver the files by your choice of postal mail, email or FTP.

Once those files are delivered, we will consider your request completed. If I may be of further assistance, please let me know.

Sincerely,

Rollie Hawk, Chief Information Officer

Hello Rollie,

Can I get an invoice for the Parcels GIS dataset so I can submit it to our Purchasing department?

It can take several weeks to get through their process, just so you are aware.

Thanks!

Ms. Howlett --

We can provide you with what data we have under the Illinois Freedom of Information Act. For this kind of data we are able to charge up to \$100 based on the file type and size. Since this will consist of shape files it will most likely hit the \$100 threshold.

We don't have all of this data as I believe Ms. Robinson already explained but if you are agreeable to this I can prepare the records and provide you with an itemized bill for the data. Let me know how you'd like to proceed or if you have any other questions.

All the best,
Rollie

Subject: GIS Data request from Apple Maps Division

Hello,

The Apple Maps team is looking for new, accurate data sources to improve the user experience of Apple's free Maps application and location-based services provided to Apple customers. We are reaching out to see if your agency has the following GIS datasets available:

- *Address Points*
- *Street Centerlines*
- *Building Footprints*
- *Railroad Lines*
- *Water features*
- *Biking Trails*
- *Pedestrian Trails*

• *Areas and Points of Interest (some examples below):*

- *landmarks*
- *airports*
- *parks*
- *schools*
- *government buildings / facilities*
- *tourist attractions*

By this email, we are seeking your permission to obtain the data for use in Apple's products and services. Please also let us know if there are any licensing terms, restrictions, or requirements that would accompany our proposed use of the data.

Please reply to this email with your answer. We look forward to working with you.

Sincerely,

□ Julia Howlett | Maps | Mobile: +1 669-225-8487 | julia_howlett@apple.com
