Mr. Brooks:

Please consider this our response to your attached Freedom of Information Act request, received via email on June 23, 2016 and summarized below:

I have performed an export of the County's parcel shapefile for a total file size of 35.15MB.

Per Section 6(a-5) of FOIA (5 ILCS 140/6(a-5)), please see below an accounting of applicable fees.

File(s) Type	Total File Size	Fee
Non-PDF, 4MB+	35.15MB	$100
Total Fee		$100

Your check can be made payable to *Union County Treasurer* and mailed to my office—address is above—at your convenience. Once payment is received, I can deliver the files by your choice of postal mail, email or FTP.

Once those files are delivered, we will consider your request completed. If I may be of further assistance, please let me know.

Sincerely,

Rollie Hawk, Chief Information Office

Sounds great. Do you want me to go ahead with the $100 check now since you had said below that was the max per the statute?

Thanks again,

Bill

I have been asked to research parcel data for use by the Board.

Do you offer a countywide Parcel shapefile to the public?

Yes.

If a file is available, what is the cost to acquire the data?

FOIA fees are based on file size per state statute. Depending on the layers you want, the file size obviously varies. In my experience, shape files are usually over the $100 threshold. Per state statute, $100 is the most you would pay for electronic data.

If you could please look into my information request, I would greatly appreciate it.

Thanks so much and have a wonderful day,

Bill
