§ 4-4001. County Clerks; counties of first and second class. The fees of the county clerk in counties of the first and second class, except when increased by county ordinance pursuant to the provisions of this Section, shall be:

For each official copy of any process, file, record or other instrument of and pertaining to his office, 50¢ for each 100 words, and \$1 additional for certifying and sealing the same.

For filing any paper not herein otherwise provided for, \$1, except that no fee shall be charged for filing a Statement of economic interest pursuant to the Illinois Governmental Ethics Act [FN1] or reports made pursuant to Article 9 of The Election Code. [FN2]

IL ST CH 55 Sec. 5/4-4001, County clerks; counties of first and second class

For issuing order to county treasurer for redemption of forfeited tax, \$2.

*23487 For trying and sealing weights and measures by county standard, together with all actual expenses in connection therewith, \$1.

For services in case of estrays, \$2.

The following fees shall be allowed for services attending the sale of land for taxes, and shall be charged as costs against the delinquent property and be collected with the taxes thereon:

For services in attending the tax sale and issuing certificate of sale and sealing the same, for each tract or town lot sold, \$4.

For making list of delinquent lands and town lots sold, to be filed with the Comptroller, for each tract or town lot sold, 10¢.

The foregoing fees allowed by this Section are the maximum fees that may be collected from any officer, agency, department or other instrumentality of the State. The county board may, however, by ordinance, increase the fees allowed by this Section and collect such increased fees from all persons and entities other than officers, agencies, departments and other instrumentalities of the State if the increase is justified by an acceptable cost study showing that the fees allowed by this Section are not sufficient to cover the cost of providing the service.

A Statement of the costs of providing each service, program and activity shall be prepared by the county board. All supporting documents shall be public record and subject to public examination and audit. All direct and indirect costs, as defined in the United States Office of Management and Budget Circular A-87, may be included in the determination of the costs of each service, program and activity.

The county clerk in all cases may demand and receive the payment of all fees for services in advance so far as the same can be ascertained.

The county board of any county of the first or second class may by ordinance authorize the county clerk to impose an additional \$2 charge for certified copies of vital records as defined in Section 1 of the Vital Records Act, [FN3] for the purpose of developing, maintaining, and improving technology in the office of the County Clerk.

The county board of any county of the first or second class may by ordinance authorize the county treasurer to establish a special fund for deposit of the additional charge. Moneys in the special fund shall be used solely to provide the equipment, material and necessary expenses incurred to help defray the cost of implementing and maintaining such document storage system.
